

BLEND INSTITUTE

Join your colleagues for a **3-day summer institute** and learn how you can integrate **technology** to enhance teaching and learning.

Better Learning THROUGH Engagement, Networking AND Delivery

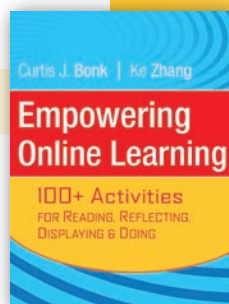

MAY 7-9, 2008

Curtis Bonk, Ph.D.

A former corporate controller and CPA turned professor, Bonk delights in exploring new ways to engage his students in face-to-face, blended or online learning environments. He holds master's and Ph.D. degrees in educational psychology from the University of Wisconsin and currently serves on the faculty at Indiana University's Department of Instructional Systems Technology.

With close to 200 publications on topics including learning pedagogy, wikibooks,

tations around the globe to college faculty, corporate trainers and K-12 teachers on how to teach using the Web. See what the "TravelinEdMan" is currently up to at <http://travelinedman.blogspot.com/>

In 2003 Bonk received the Most Innovative Teaching and Distance

KEYNOTE
